

Quotation

A day on Monte Amiata and a transfer to and from the hospital · Castel del Piano (GR) · Saturday 22 August 2026

Prepared for Grand Hotel Impero, Castel del Piano · 21 August 2026 · Ref. GM-2026-0822-GI

The vehicle

One minibus with driver at your disposal for the whole day of Saturday 22 August, in Castel del Piano and on Monte Amiata.

Mercedes-Benz Beluga — 26 passenger seats plus driver, 7.64 m. Air conditioning, reclining ultra-comfort seats, fridge bar, on-board audio system, large luggage hold.

At 7.64 m the Beluga climbs to the summit of Monte Amiata and reaches the parking areas of the mountain villages, where a full-size coach cannot go: on these roads it is the right vehicle. The price set out below is for **one vehicle**: we need the exact number of passengers to confirm the group fits within the 26 seats.

The service

Time	Route	Distance
08:00 – 08:25	Corte Francigena, Castelnuovo dell'Abate (SI) → Castel del Piano (GR). The minibus is already in the area on another of our services near Montalcino and comes across to reach your hotel. No passengers on board, a short hop.	≈ 17 km · 25 min
09:00 – 10:15	Grand Hotel Impero → hospital → Grand Hotel Impero. Private transfer to bring your discharged guest back to the hotel, with the driver waiting on site throughout the discharge formalities. Timings and distance will be fixed once you tell us which hospital it is.	to be confirmed
10:30 – 17:15	A day on Monte Amiata. Grand Hotel Impero → Vetta Amiata, Prato delle Macinaie → Abbadia San Salvatore → Santa Fiora → Arcidosso → back to the hotel. Vehicle and driver stay at your disposal for the whole day. The round above is a proposal : we adapt it to what you want to see and how long you want to stop at each place.	≈ 80 km · 6 h 45
17:30 – 17:55	Castel del Piano → Corte Francigena, Castelnuovo dell'Abate. The vehicle returns at the end of the service to where it was already engaged, not to the Ponte Buggianese base.	≈ 17 km · 25 min

Distances and times are road estimates, traffic excluded. The order of the stops on the mountain can change: what matters is that vehicle and driver are yours from 09:00 to 17:30.

The price

The price is per vehicle, not per person: it does not change whether ten or twenty-five of you are on board. The vehicle is already in the area on another job, so the transfer is short — please read the note *The vehicle's journey from Corte Francigena*.

Included. Vehicle and driver for the whole day, fuel, motorway tolls, parking, full insurance, and the driver's waiting time at the hospital during the discharge formalities. The proposed Monte Amiata itinerary carries no known access charges or paid permits; should a stop you ask for require a paid coach car park, we will tell you beforehand rather than afterwards.

Not included. The driver's meals, which remain at your charge. Lunches, entrance fees, guides and gratuities. Waiting beyond the times set out here, € 50.00 per hour per vehicle. Additional stops or route changes outside the Amiata, quoted on request. Return after 02:00, € 250.00. Notes

- **First of all: confirmation by phone.** The service is for tomorrow morning and GiroMunna has one minibus. Girolamo will call you shortly to confirm that vehicle and driver are free on Saturday: until that call, this quotation is a price, not a booking.
- **How your guest is.** This is the point that concerns us most and we ask you to answer frankly. The Beluga is a touring minibus: it has steps at the door, ordinary seats and no medical equipment on board. It is perfectly fine if the lady walks unaided or leaning on a companion. If instead she leaves hospital in a wheelchair, or if climbing three steps is a problem, ours is not the right vehicle: she needs an adapted car or a private medical transport. Please tell us straight away — it is a bad thing to discover tomorrow morning outside the hospital.
- **Which hospital.** You have not told us where she is. If it is the Castel del Piano hospital we are a few minutes from the hotel and the programme above holds as it stands. If it is Abbadia San Salvatore, add roughly an hour there and back. If it is the hospital in Grosseto we are looking at some 55 km each way, the morning grows by a couple of hours and the departure for the mountain slips towards midday: in that case we will redo the timings for you. We need the name of the hospital today.
- **Two services, one vehicle.** The programme holds the hospital run and the excursion together because the transfer is done early and the group leaves at 10:30. If the group would rather leave at 09:00, one vehicle cannot do both: either the hospital run moves to the afternoon, or a second minibus is needed — we can look for one, but it has to be decided today and carries a separate cost.

- **The vehicle's journey from Corte Francigena.** The minibus is already engaged near Montalcino and reaches Castel del Piano with a short hop, about 17 km, rather than from our base over 170 km away: that is why the transfer line weighs so little on the total. Should the vehicle need to return to the Ponte Buggianese base at the end of the day instead of going back to Corte Francigena, the transfer grows and the price needs revising: we will confirm as soon as we know how the day closes.
- **How many of you there are.** The Beluga carries 26 passengers plus the driver, and the price above is for one vehicle. Send us the exact number: if the group exceeds 26, a second minibus is needed and the quotation changes.
- **The mountain roads.** The climb to the summit of the Amiata is one hairpin after another, and the old centres of Santa Fiora and Arcidosso are narrow: you get off at the car parks at the entrance to the villages and walk the last few minutes. Our 7.64 m minibus gets there, a full-size coach does not — which is exactly why the small vehicle is the one to have on this round. If you have a particular stop in mind, tell us which and we will check the drop-off point before we set off.
- **The driver's day, and his meals.** Between the outward journey, the service and the return it comes to almost fourteen hours: that is the most that can be done while returning to base the same day. If you want to keep the vehicle in the evening — dinner on the mountain, a return after 20:00 — the driver has to stay overnight in Castel del Piano, and that overnight is at your charge. The same goes for Saturday lunch: the driver's board is always at the client's charge, we do not put it in the quotation and we do not arrange it. The easiest arrangement, and the one almost all our clients choose, is to have him eat and sleep at the same property as the group.
- **To confirm we need** the name of the hospital, a couple of lines on your guest's condition, the number of passengers, your preferred departure time for the mountain, a WhatsApp contact for the person travelling with the group, and your invoicing details.
- **Availability and cancellation.** Cancellation is free of charge more than 60 days before the service; from 60 to 30 days the deposit is retained; from 30 to 10 days 50% of the price is charged; in the last 10 days, 100%. With less than twenty-four hours to the service, this booking falls entirely within the last band. Quotation valid until 20:00 on 21 August 2026, the point beyond which the vehicle can no longer be organised in time for tomorrow morning.

We are sorry about your guest and hope she recovers quickly. Call us, or send us your number, and we will get organised for tomorrow.
