

Quotation

Borgo Il Poggiaccio (Sovicille) → Antinori nel Chianti Classico (Bargino) and back · Saturday 19 September 2026

Prepared for Trevor Bailey · 18 September 2026 · Ref. GM-2026-0919-TB

The vehicle

A single minibus for your group of 18-20 guests, with the same driver for the whole day.

Mercedes-Benz Beluga — 26 passenger seats plus driver, 7.64 m. Air conditioning, reclining ultra-comfort seats, fridge bar, on-board audio system, large luggage hold.

With 18-20 guests on board, six to eight seats stay free: the group travels comfortably in one vehicle, with no need to split it. The 7.64 m length matters at both ends of the route — the access road to Borgo Il Poggiaccio and the forecourt at Antinori are both straightforward for a vehicle this size, where a full-size coach would meet more than one difficulty.

The service

Saturday 19 September 2026. Distances and journey times are road estimates, traffic excluded.

09:00	The vehicle leaves Ponte Buggianese (PT), where the company is based, empty. About 115 km to Sovicille, to be at the Poggiaccio fifteen minutes early. No passengers on board and nothing charged separately: it is included in the price.	approx. 115 km · 1 h 40

Included. Vehicle and driver for the whole day, fuel, tolls, parking, full insurance and luggage handling. No access charges apply: neither Sovicille nor Bargino lies in a restricted traffic zone, the route skirts Siena on the dual carriageway without entering the city — so no municipal tourist-coach permit is needed — and Antinori nel Chianti Classico has its own forecourt. Nothing surprises you on the day: the vehicle's journey to and from our base is already in the table above, not added afterwards.

Not included. The driver's meal, which remains at your charge: you book and pay for his lunch during the wait at Bargino directly. Winery visit, tasting, lunch, guides and gratuities. Notes

- **The budget you gave us.** € 250-300 for the round trip does not correspond to this service, and there is no version of this quotation that reaches it. Across twenty passengers your figure works out at € 12-15 a head for a full day of a 26-seat vehicle with driver: that is the price of a short taxi ride in town, not of what you have asked for. If the budget cannot move there is no point going further, and we are telling you today because it leaves you a day to arrange something else.
- **Why it costs more than the 55 km you have in mind.** The Sovicille-Bargino leg is 55 km, but that is not what you are buying. GiroMunna is based at Ponte Buggianese, in the province of Pistoia: to be at the Poggiasco at 10:45 the vehicle leaves at 09:00 and covers about 115 km with nobody on board, then another 80 km to get home in the evening. The vehicle's day comes to about 300 km and nine hours of the driver's time, for 110 km of passenger transport and four hours parked at Bargino. All of it is included in the price above and no supplement will reach you later: we explain it so the sum adds up, not to charge it separately.
- **Releasing the vehicle over lunch would cost more, not less.** The question always comes, so here is the answer in advance. Dropping you at Bargino, sending the minibus home and coming back for you means four empty runs instead of two: roughly 160 km on top of those already in the table. Keeping vehicle and driver parked on site is the cheaper of the two arrangements, and the only one that lets you decide the return time from the table.
- **The vehicle is free and we are holding it until this evening.** We have checked: on Saturday 19th the Beluga is available and so is the driver. We are holding it for you **until 20:00 today**. Beyond that hour the driver has to be scheduled otherwise and we can no longer guarantee it, so if this is of interest to you a phone call to +39 335 587 4744 beats an exchange of emails.
- **The winery booking.** Antinori nel Chianti Classico and the Rinuccio 1180 restaurant receive guests by reservation only, and a party of twenty on a Saturday will not get in without one. We need the exact time they have given you: the 10:45 pick-up is set against a visit starting around midday. If the time is different we move the departure, at no change in price.
- **The driver's meal.** The day requires no overnight stay — out and back the same evening — so you have no accommodation cost at all. What remains is the driver's lunch during the four-hour wait at Bargino, which by custom is at the client's charge: we neither quote it nor arrange it. The simplest thing is to add a cover for him when you book at Rinuccio 1180.
- **The pick-up point at the Poggiasco.** The property is reached from the Strada Provinciale Maremmana along a stretch of country road. Our 7.64 m minibus manages it, where a full-size coach would meet more than one difficulty, but do have reception confirm the exact boarding point and the turning space: better tonight than tomorrow morning with twenty people and their luggage in hand.
- **The departure time from Antinori.** The window between 15:00 and 16:00 is fine as it stands and need not be narrowed now: the driver stays on site and leaves when you are ready, up to 16:00. Beyond that hour the € 50.00 hourly waiting

charge applies. If you already know lunch will run later, tell us and we will move the window in the quotation at no extra cost.

- **Payment, given the twenty-four hours.** Our house terms are 30% on confirmation and the balance afterwards, but with the service tomorrow a bank transfer will not clear in time: the deposit's transfer receipt counts as confirmation for us and the balance is settled on the day.

- **Cancellation.** Our scale charges 100% of the price within the ten days before the service, and one day remains. Once confirmed, the quotation is due in full even if you pull out. Worth knowing before saying yes.

- **To confirm we need** the final passenger count, the time of the winery booking, a mobile or WhatsApp contact for the person travelling with the group, and your invoicing details. Quotation valid until 20:00 today, 18 September 2026.

The vehicle is standing by for you until this evening: to confirm, or for any clarification, the phone is the quickest channel.
