

## Quotation

Private transfer Massarosa (LU) → Milan Malpensa Airport · Thursday 1 October 2026, departure 02:00 · 16 passengers

Prepared on 20 August 2026 · Ref. GM-2026-1001-MM

### The vehicle

One minibus for your group of 16, with a single driver for the whole transfer.

**Mercedes-Benz Beluga** — 26 passenger seats plus driver, 7.64 m. Air conditioning, reclining ultra-comfort seats, fridge bar, on-board audio system, large luggage hold.

With 16 passengers on board ten seats stay free, and on a night run of more than three hours that matters: everyone gets a row to themselves and the reclining seats actually get used, so you reach Malpensa having had some sleep. Those ten free seats also take the overflow of hand luggage, on top of a hold that swallows sixteen checked suitcases without a squeeze. And at 7.64 m the minibus goes where a full-size coach cannot — no small thing if the pick-up point in Massarosa is on a narrow street or up in the hills.

### The service

| Time  | Route                                                                                                                                                                                                                                                           | Distance                 |
|-------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|
| 01:45 | <b>The driver is on site in Massarosa (LU).</b> He arrives fifteen minutes ahead of the agreed time, so loading the luggage does not eat into the departure. He waits with the engine off at the meeting point we will have agreed together.                    | —                        |
| 02:00 | <b>Departure from Massarosa (LU) → Milan Malpensa Airport.</b> Routing: A11 from Massarosa, A12 towards Genoa, then the A26 towards Gravellona Toce and the direct airport exit. At this hour the road is clear, and this route avoids the Milan ring entirely. | approx. 330 km<br>3 h 30 |
| 03:45 | <b>Optional comfort stop,</b> around twenty minutes at a service area on the A26. We make it only if the group wants it: without the stop you arrive earlier.                                                                                                   | —                        |
| 05:30 | <b>Arrival at Malpensa,</b> directly at your departure terminal — around 05:50 if you took the stop. The driver unloads the luggage and walks you to the terminal entrance.                                                                                     | —                        |

On the departure time from Massarosa we allow you 30 minutes of grace.

**Not included.** Waiting beyond the times agreed here and beyond the 30-minute grace, € 50.00 per hour per vehicle. Additional stops, further pick-up points or changes to the itinerary, quoted on request. The return journey from Malpensa, which we are glad to quote separately. Meals, drinks and refreshments. The driver's board and lodging: this service requires no overnight stay and we charge you nothing on that count — on a multi-day programme it would instead remain at your charge.

## Notes

- **Your flight time, which is the real question.** Leaving at 02:00 puts you at the terminal around 05:30: the right time for a flight from 07:30 onwards, with the desks just open and the queues still short. If your flight leaves later, though — say from 10:00 — a 02:00 departure would leave the group with four or five hours in the terminal after a sleepless night. In that case it is better to leave Massarosa around 05:00 and reach Malpensa around 08:45, morning traffic included: everyone sleeps in their own bed and, with no night departure, **the price drops to € 1,550.00 + VAT, that is € 1,705.00.** If instead the flight leaves before 07:00, we bring the departure forward to 01:30. Send us the flight number and time and we will confirm the right schedule: we have quoted 02:00 because that is what you asked for, but it is worth a thought.
- **Which Malpensa terminal.** Terminal 1 and Terminal 2 are about four kilometres apart and are reached from different exits: getting it wrong at five in the morning means half an hour lost and a group at a run. Almost every airline departs from Terminal 1, while Terminal 2 serves only a handful, all low cost. Just send us the flight number and we will check it.
- **The exact pick-up point in Massarosa.** Postcode 55054 covers the whole municipality, and it is two different worlds: the plain — Bozzano, Quiesa, Stiava, Piano di Conca, Piano del Quercione — where we reach anywhere without difficulty, and the hill villages such as Corsanico, Pieve a Elici, Montignano and Gualdo, where the roads narrow and there are few places to turn. Our 7.64 m vehicle gets where a full-size coach stops, but at two in the morning and in the dark it is better known in advance: send us the exact address, or better still a WhatsApp location, and we will check the boarding point and the manoeuvring space in good time. If the spot is awkward we will suggest a meeting point a few hundred metres away that suits everyone. At that hour the driver waits with the engine off and does not sound the horn: the group gathers at the agreed point, and the neighbours sleep on.
- **Luggage.** Sixteen people leaving on a flight most likely means sixteen checked suitcases plus hand luggage: the Beluga's hold takes them without a squeeze and the ten free seats in the cabin absorb the rest. Do tell us in advance about skis, golf bags, pushchairs, musical instruments or other oversized items. They travel all the same, but far better known beforehand than discovered in the dark with the clock running.
- **The driver, and why no overnight stay costs you anything.** This service does not require the driver to stay away, and we charge you nothing for his board and lodging. He leaves our base around 01:00 having taken the required rest, takes you to Malpensa, makes his compulsory 45-minute break on arrival and drives back to Tuscany. The whole service stays inside the statutory driving and rest limits with a single driver: no second driver, no nights at your charge.
- **The night supplement.** The € 250.00 is our rate for work in the night hours, the same one we apply to returns after two in the morning: here the driver's day begins at 01:00. It is not an airport surcharge nor a mileage one — those are already inside the transfer price. As noted above, moving the departure to 05:00 or later means it is not due.
- **What the price covers, and the return.** The price covers the vehicle's whole journey: about 660 kilometres between the run with you on board and the empty return to Tuscany. That is why a one-way transfer costs more than the kilometres you yourselves travel would suggest. If you also need the return from Malpensa, tell us: quoted together, out and back cost less than two separate one-ways. The same applies if the group flies back into Pisa or Florence.

· **To confirm we need** the exact pick-up address in Massarosa, the flight number and time with the departure terminal, the final passenger count, a mobile or WhatsApp contact for the person travelling with the group, and your invoicing details.

· **Availability and cancellation.** The vehicle is currently free for the night of 30 September to 1 October and we hold it for you for the whole validity of this quotation; the booking becomes firm on receipt of the deposit. Cancellation is free of charge more than 60 days before the service; from 60 to 30 days the deposit is retained; from 30 to 10 days 50% of the price is charged; in the last 10 days, 100%. With 42 days to the service today, this booking falls in the 60-to-30-day band, and from 1 September it moves into the 30-to-10 band. Quotation valid until 3 September 2026.

We remain at your disposal for any clarification and look forward to hearing from you.
