

Quotation

Florence and airport transfers · Monday 29 May 2028 · up to 26 passengers

Prepared for Tracey Williams · 23 August 2026 · Ref. GM-2028-0529-TW

The vehicle

One minibus for your group of up to 26, with the same driver across every service.

Mercedes-Benz Beluga — 26 passenger seats plus driver, 7.64 m. Air conditioning, reclining ultra-comfort seats, fridge bar, on-board audio system, large luggage hold.

The group fits: 26 passenger seats are exactly your 26 people. Precisely because the count comes out to the last seat, two things are worth settling together before you confirm — the final passenger number and how much luggage there is. They are the first note at the end of this quotation. The 7.64 m length, on the other hand, is an advantage worth using: the minibus reaches places a full-size coach cannot, from the courtyards of the villas outside Florence to the narrow hill roads.

The service

Your enquiry reached us without the detail of the programme: Florence, up to 26 people, airport pickups. Below is the most likely shape of it, so that you have a reference price to work from straight away. Each item is priced on its own: as soon as you tell us the real programme we rebuild the quotation around it, and whatever you do not need simply drops out of the total.

Notes

- **Luggage is the first thing to look at.** The Beluga has 26 passenger seats: your group fits, but exactly, with no seat to spare. Two practical consequences follow. First: if a tour leader, a guide or a twenty-seventh passenger travels with you, one minibus is no longer enough and a second one has to be arranged in good time. Second: 26 people arriving from the

UK means up to 26 hold suitcases plus hand luggage, and the hold of a 7.64 m vehicle comfortably takes around twenty large cases, not thirty. Tell us how many large cases there really are, and whether there are pushchairs, golf bags or equipment: if the numbers are tight we will plan a support vehicle for the luggage alone. It is a thing that takes two minutes to settle now and cannot be settled at all at the airport, with the group standing there waiting.

· **Florence, the restricted traffic zone and the drop-off point.** The historic centre of Florence is a restricted traffic zone, and taking a tourist coach into it requires a separate permit, about € 350.00. In most cases it is not needed: we load and unload at the authorised points — the Fortezza da Basso and Piazzale Montelungo area for hotels near the station, the Lungarni, Piazza della Libertà — and the hotel is a few minutes' walk from there. With 26 suitcases in tow, though, those few minutes count. Send us the exact address where you are staying: we will tell you where the vehicle stops and, if the case warrants it, we will put the permit in the quotation and bring you to the door.

· **Which airport you fly into.** We have quoted Pisa (PSA), the airport most used by flights from the UK: 85 km from Florence, an hour and a quarter. If you land at Florence (FLR) instead, the transfer costs € 420.00 net each way rather than € 700.00, and the total comes down accordingly. From Bologna or Rome the price goes up: tell us and we will send you the exact figure.

· **“Airport pickups too”: how many pickups.** A group of 26 rarely arrives on a single flight. If you are all on the same one, the transfer quoted here covers it. If you arrive split across two or three flights, each run is a service in its own right: send us the times and we will tell you whether it works out cheaper to hold the vehicle at the airport between flights (€ 50.00 per hour) or to make two separate journeys. With the numbers in front of us the choice is immediate.

· **If the flight is delayed.** We monitor the flight ourselves and the driver works to the actual landing time: waiting is free for up to 90 minutes from the moment the aircraft touches down, with no need for you to let us know anything. All we need is the flight number. For the return, in high season we leave Florence three and a half hours before departure; if you have a different time in mind, let us talk it through.

· **The date.** We have taken Monday 29 May 2028 at face value — the late May bank holiday Monday in the UK, falling in the middle of the Florentine high season. If the year or the day are not what you meant, tell us and we will redo the quotation the same day. If they are right, moving this far ahead is a genuine advantage: vehicles of this size sell out well in advance for those dates.

· **The price two years out.** The amounts above are built on our current tariffs, and the service is some twenty months away. At final confirmation we reconfirm them, reserving only the adjustment of direct costs — fuel, tolls, drivers' pay agreement — which we communicate well in advance and which over the years has always been modest. If a price fixed from today matters to you, ask us at confirmation and we will discuss it.

· **The driver's board and lodging.** The programme as set out here requires no overnight stay: Florence is about fifty kilometres from our base and the driver goes home each evening. Should the programme grow into several days with a distant base, or with returns regularly in the small hours, an overnight stay would become necessary: it then remains at your charge and you book and pay for it directly — a single room with dinner is all that is needed, and the easiest arrangement for everyone is to put the driver up at the same property as the group. We flag it beforehand, never after the fact.

· **To build you a tailored quotation we need** the final number of passengers and suitcases, how many days of service and on which dates, the stops or at least the broad idea of the programme, the address in Florence where you are staying, the airport with the number and time of the arriving and departing flights, and a WhatsApp contact for the person travelling with the group. Bullet points are fine: we will redo the quotation and send it back to you.

· **Availability and cancellation.** The vehicle is currently free for those dates and we hold it for you for the whole validity of this quotation; the booking becomes firm on receipt of the deposit. Cancellation is free of charge more than 60 days before the service, so up to 30 March 2028, and the deposit is refunded in full; from 60 to 30 days the deposit is retained; from 30 to 10 days 50% of the price is charged; in the last 10 days, 100%. Quotation valid until 22 September 2026.

We remain at your disposal for any clarification and look forward to hearing from you.
