Transfers from Pisa airport to Colle di Val d'Elsa and back · 16 and 23 January 2027

Prepared for María José López · 30 September 2026 · Ref. GM-2027-0116-GS

The vehicle

One minibus for your group of 17-22 people (students and teachers), with a professional driver.

Mercedes-Benz Beluga — 26 passenger seats plus driver, 7.64 m. Air conditioning, reclining ultra-comfort seats, fridge bar, on-board audio system, large luggage hold.

Even with the full group on board (20 students and 2 teachers, 22 people) four seats stay free. At 7.64 m the minibus gets where a full-size coach cannot, which matters in Colle di Val d'Elsa, where the streets around the old town are narrow.

Notes

- **Luggage.** This is the point worth the closest look. The Beluga's hold takes around twenty normal suitcases without difficulty, but for a week's stay with 17-22 people the count gets tight if everyone has a large trolley plus a backpack and hand luggage. Send us the approximate number of suitcases and tell us about any oversized items: if more space is needed we arrange it beforehand, not at loading time. Backpacks and hand luggage travel in the cabin, under the seats and in the overhead racks.
- **Number of passengers.** This quotation is for one vehicle and covers up to 26 people. The figure you gave us, 15-20 students and two teachers, sits comfortably on board: we need the final number to confirm.
- **The arriving flight on 16 January.** We need the flight number and landing time. If students and teachers arrive on different flights, tell us the times: we wait for everyone at no cost for up to 90 minutes from the landing of the first arriving flight; beyond that € 50.00 per hour applies.
- **The departing flight on 23 January.** Colle di Val d'Elsa to Pisa airport takes a little over an hour on the road and a group needs a margin for check-in. Send us the flight number and time and we will set the departure on that. If the flight leaves before 09:00, the group would need to leave during the night: in that case the driver has to sleep in Colle on the evening of the 22nd (see below).
- **The driver's board and lodging.** With the arriving and departing flights at normal hours the driver leaves and returns the same day from our base, and no night is needed. If the 23 January flight leaves early in the morning, one night in Colle di Val d'Elsa is needed, on the evening of the 22nd: in that case the room and dinner are at your charge and you book and pay for them directly. Many of our clients put the driver up at the same property as the group, which is the easiest arrangement for everyone.
- **Where the vehicle can go in Colle di Val d'Elsa.** Colle Alta, the old town, has restricted access. Send us the exact address of the accommodation: we will check the closest drop-off point a 7.64 m minibus can reach, and tell you whether the group will have to walk a stretch with their luggage. Far better settled now than on the day itself.
- **During the week.** No service is required and nothing is charged. Should teachers and students want to arrange day trips, for example to Siena, San Gimignano, Florence or Pisa, the vehicle is at your disposal: we quote each excursion on request.
- **To confirm we need** the final passenger count, the exact address of the accommodation in Colle di Val d'Elsa, both flight times, the approximate number of suitcases, a mobile or WhatsApp contact for the person travelling with the group, and your invoicing details.
- **Availability and cancellation.** The vehicle is currently free and we hold it for you for the whole validity of this quotation; the booking becomes firm on receipt of the deposit. Cancellation is free of charge more than 60 days before the service, that is up to 17 November 2026; from 60 to 30 days the deposit is retained; from 30 to 10 days 50% of the price is charged; in the last 10 days, 100%. Quotation valid until 14 October 2026.

We remain at your disposal for any clarification and look forward to hearing from you.
