Drop-off and pick-up at two different points: Savonarola to the north-east, Vittorio Veneto to the west at the entrance to the Cascine. Nine hours between the two: decide whether the driver waits in Florence or returns to the villa. The permit covers 0/24, so a single day pass covers both.

Saturday 12 September**Florence**5 hours estimated

- 10:00 — departure from the villa towards Florence
- Group dropped off at Piazzale Michelangelo
- Group picked up around 14:15 at Piazza Vittorio Veneto
- Return to the villa around 15:00

Drop-off and pick-up at two different points, at opposite ends of the city: the group crosses the centre on foot. Just over four hours of waiting, better for the driver to stay in the area. A single day pass covers both crossings.

Points still open

- **Waiting on 11 September.** Decide whether the driver stays in Florence between 10:00 and 19:15 or returns to the villa: the first option needs a bus car park in the city, the second means two extra trips.
- **Permits.** Two daily permits need to be bought online, for 11 and 12 September, registered to the vehicle's plate. On other days the coach does not enter the city.
- **Driver's rest.** Seven consecutive days of service: check how the weekly rest fits under EC Regulation 561/2006.
